

## Quick start guide

### 1. Fit it

Fit your Smart Plug to a power supply and appliance. The light on the plug should start to flash rapidly.

If the light does not flash quickly, hold down the power button on the side for 5 seconds.

### 2. Connect

Download the paul russells Smart app by searching for "paul russells Smart" in your app store.

Set up an account by following the on screen prompts.

Choose Electrical Outlet from the add device screen (+) and follow the on screen prompts. You will need your network name and password.

### 3. Play

Your Smart Plug is ready to be used within the app.

**Note: The product only works on 2.4GHz networks, you should change the WiFi frequency of your network to 2.4GHz in the setting menu of the router.**
